

GREAT AMERICAN OUTDOORS ACT

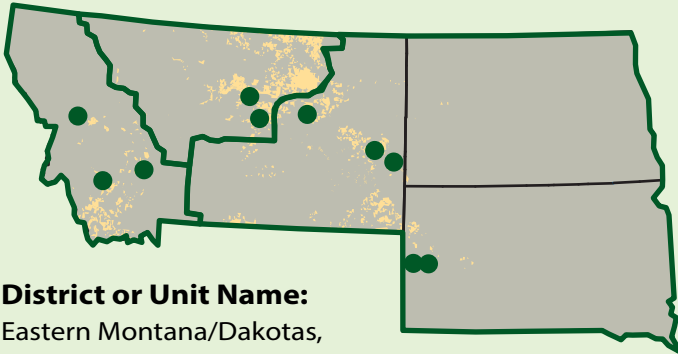

Montana/Dakotas Recreation, Roads, and Dam Repairs

Project ID: L207

Water and Utilities Project

MONTANA / DAKOTAS

District or Unit Name:

Eastern Montana/Dakotas,
North Central, and Western Montana Districts

Description: The project will repair numerous high-use recreation sites, hazard classified dams, and roads that provide access to public lands within the states of Montana and South Dakota. Repairs include roof and bridge replacements, dam embankment repairs, and road regrading and drainage improvements that will provide long-term solutions for numerous recreation assets, dams, and roads that will enable the public to continue enjoying them into the future.

Fort Meade

Trail maintenance volunteers at Copper City trailhead

Recreational Values: Birding, boating, camping, day use, fishing, grazing, hiking, horseback riding, hunting, mountain biking, picnicking, off-highway vehicle use, snowmobiling, wildlife watching

GAOA Funding, Fiscal Year 2022:

\$6,140,000

Cost

Estimated Deferred Maintenance Reduction:

\$6,840,000

Benefit

Through project efficiencies and other cost-saving measures, the funding received is anticipated to address a larger amount of deferred maintenance backlog.

Total Economic Impact of Project:

94

jobs supported

\$9.8 million

in economic contributions

Priorities Addressed:
